**NOTE:** All classes have been rewritten or revised within the last year and new courses are noted above along with the course number they are replacing. Information previously covered in Brakes/ABS training is now covered in Heavy Duty Systems (air brakes) and the Business Class M-2 (hydraulic brakes) courses. Please note that prerequisites for certain courses may have also changed so it is important to review the TCI Training Center web page.

**TRAINING  
CENTER**

## Truck Centers' Industry-Best Training Center

Truck Centers, Inc. boasts the industry's premier dealer-owned Daimler Trucks of North America Training Center. Two, fully-certified instructors with over 60 years of experience lead instruction and certification training for Truck Centers' technicians as well as teams from other dealerships and customer fleets. The 24,000 sq. ft. facility is located on the Troy campus and contains 4 state-of-the-art classrooms, high-tech computer lab, 4 hands-on classrooms, shop training facility, conferences rooms and a dining facility.

Contact Len Thole or Steve Brachear with additional questions or to check available on current courses.
